## **Speaker Training for doctors at medical conferences and symposiums**

Speakermedica provides “*speaker training and presentation skills*” for delegates at medical conferences. “We develop the delegate’s ability to deliver persuasive, logical presentations to small and large audiences. We demonstrate the best way to deal with the technology, and how to maximise the effect of body language”

With our 15 years of experience in the pharmaceutical and medical environment, we guarantee that the unique services we offer are improving doctors’ and Key Opinion Leaders’ speeches around the world.

Our conference services include:

- **Seminars** <sup>[1]</sup>: 1-2 hour presentations
- **Workshops** <sup>[2]</sup>: From 2 hours to 2 days, integrating the speaker training with the medical content

- **Coaching** <sup>[3]</sup>: Individual coaching sessions for physicians and KOLs
- **Logistics** <sup>[4]</sup>: Stage management, slide formatting and moderation for slide review sessions.
